

Jersey Basketball Association 2016-17 Gym Availability Form

Instructions

We ask all Town/Organization Directors to provide Gym Availability using this form. To use the form most effectively, you should follow these guidelines:

- Begin by setting the interval times for the games at your site(s). Enter either 75 or 90 minutes. This will serve as the default game interval for all of your home games.
- On the November/December 2016 page, list opening and closing times for each of your gyms by day of the week. If your gym times differ from week to week or month to month, note them in the blocks on the calendar. If your gym times are the same from week to week and month to month, you need not reenter them on the January and February pages. If you have more than 3 gyms, please list availability as above on the additional sheet provided.
- For excluded dates at your gym(s), simply block out those dates on the calendars at the top of each page.
- For individual team exclusions, list them for each team clearly in chronological order on an additional sheet.
- If a team is not available on a particular day of the week or for part of a particular day of the week for the entire season, you may simply note that.
- Likewise, if all of your teams are not available on particular dates, please list them chronologically in the Global Exclusions area.

Thank you.
